Hairbrushes range 2026

TRISA's range of hairbrushes comprises attractive, high quality products. TRISA satisfies all customer requirements and offers a well-balanced assortment in terms of design, handiness and functionality. As a competent Swiss manufacturer TRISA, with its experience stretching back more than 135 years, occupies a leading position in the Swiss hairbrush market. Even in the export markets TRISA is successful. The development of real innovations, the use of the latest technologies and an efficient manufacturing process are the reasons for our success.

Hairbrushes range 2026

Natural Brilliance

TRISA quality hair brushes in the Natural Brilliance line for well-groomed, beautiful and healthy hair. The hair brushes made of FSC®-certified Swiss ash wood, are complemented by two combs made of FSC-certified beech wood. Natural Brilliance hair brushes with high quality wild boar bristles afford the hair a natural shine. The model with rounded, anti-static wooden pins, assists in combing out and detangling the hair.

Natural Brilliance – Antistatic & Styling

TRISA quality hairbrushes Natural Brilliance for healthy, shiny, well cared hair. This TRISA hairbrush made of FSC certified Swiss ash wood is especially suited for gently combing and detangling the hair.

Hairbrushes range 2026

Professional

TRISA Professional quality hair brushes for well-groomed and beautiful hair. The diverse hair brush line for different types and lengths of hair. For daily grooming, this segment provides models for a wide range of uses and needs. The latest brush, Flex & Care, with its sophisticated and flexible brush head, adapts well to the shape of the head. The dynamic and end-rounded styling pins detangle the hair and gently massage the scalp.

Professional – Scalp Massager

INNOVATION

The soft, flexible massage bristles provide a gentle scalp massage and stimulation of the scalp. Ideal for use in both dry and wet hair - for massaging in care products and shampoo.

MASSAGE & CARE Professional

- **Flexible massage bristles** stimulate the scalp and gently detangle the hair.

- Thanks to the **ergonomic handle design**, the hairbrush fits perfectly in the hand both when dry and wet.

- Can be used with or without care products.

Expert

TRISA's Expert quality hair brushes for careful and effective hair care. The colorful handles of the Expert line are eye-catching. Not only are they visually pleasing but the ergonomic handle, which sits gently in the hand, is a bonus. The Expert line impresses thanks to its range and is almost as unique as the different types of hair: from the paddle brush to the hair dryer brush with a permeable hollow body, to the round brush. The TRISA Expert line ensures that all the needs for daily hair care can be fulfilled.

Expert – Styling & Volume

Exclusive quality hairbrush with ergonomic handle. For caring and effective brushing, shaping and styling of wet and dry hair. Especially suitable for the caring of long hair.

Hairbrushes range 2026

Essential

The TRISA quality hairbrushes in the Basic line are an essential part of our portfolio and have been part of our range since the very beginning. The entry-level range is suitable for everyone and combines the company's long tradition with state-of-the-art technology. This care-conscious option is essential for maintaining the health and natural shine of the hair. Our specially developed rubber cushion with soft nubs is suitable for all hair types. The harmonious handle colors perfectly complement the series.

Essential Sustainable – Antistatic & Styling

Beautiful hair needs good care. A quality hairbrush really counts for the health of your hair and leaves it with a natural shine. The TRISA Trade Mark guarantees for highest quality. This rubber cushion brush is suitable for all types of hair.

Finest Swiss Oral Care 

Essential Sustainable – Care & Forming

INNOVATION

CARE & FORMING

The innovative rubber cushion hairbrush with a modern, ergonomic design stands out for its resource-efficient, lightweight construction thanks to hollow spaces. Made from 70% recycled plastic.

Hairbrush body made from 70% recycled plastic and lightweight thanks to hollow spaces.

- **Ergonomic Handle Design:**
The hairbrush fits perfectly in the hand and ensures a good grip even with wet hands.
- **Resource-efficient:**
 - Plastic savings achieved through the modern hollow-body design.
 - The hairbrush body is made of 70% recycled plastic.
- **Gentle Application:**
The flexible, rounded synthetic pins on the soft rubber cushion glide effortlessly through the hair. The pins allow gentle styling of wet and dry hair while providing a pleasant, gentle head massage at the same time.

Essential Sustainable – Care & Forming
